

Supervisor Nolan Visits Cleanup Site

Tuesday, 10 August 2010 08:35

Islip, NY – Islip Town Supervisor Phil Nolan recently visited a site that was cleaned up by the Northeast Neighborhood Watch group.

On the corner of Fulton and Ridgewood in Brentwood, a team of eight residents would come every Saturday to help clean the area by removing overgrown bushes and plants.

Eventually, over 75 people assisted in the project. The Town pitched in by donating a Dumpster to help out the group of dedicated residents. In addition, the Town has been committed to placing special Neighborhood Watch signs around the community in order to protect the progress being made with the cleanups as well as to ensure the safety of the citizens.

Pictured is Supervisor Nolan along with the neighborhood residents who donated their time to the project.
